PUBLIC NOTICE

The U.S. Environmental Protection Agency (U.S. EPA) has received a closure plan from L.H., Incorporated (LH), located at 1502 Beckett, Ave., Cambridge, Ohio, mailing address, 6676 Kennerdown Street, Columbus, Ohio 43229. The facility is closing its three storage lagoons containing a total of 40,000 gallons of pickle liquor. The plan submitted on January 30, 1984, and May 11, 1984, proposes the procedures for removal of liquids, liners, and surrounding soils. All aspects of the closure will be subject to inspection and certification. After closure no hazardous wastes will remain on-site.

The LH closure plan was submitted to satisfy regulations promulgated under the Resource Conservation and Recovery Act. These were published under 40 CFR 265 Subpart G, which appeared in the Federal Register January 12, 1981. The plan will be evaluated by U.S. EPA according to the criteria of the regulations.

The plan and related background materials are available to the public at U.S. EPA Waste Management Branch, 230 S. Dearborn, 13th Floor, Chicago, Illinois, (312) 886-7450, from 8:30 a.m. to 4:30 p.m. Monday through Friday. These materials may also be seen at the Gurnsey County Public Library, 800 Steubenville Avenue, Cambridge, Ohio, (614) 432-7142, during regular business hours.

Public comments concerning this partial closure plan are requested by U.S. EPA and must be postmarked on or before July 10, 1984. Please send comments to:
